
Q&A Session #3, October 2024

by Wes Penre, October 25, 2024

Welcome to the new Q&A and thank you for your questions! Please send more to wespenre2@gmail.com, and put Q&A in the subject line so I won't miss your email.

Please be as short as possible with your questions. I get too many long-winding emails, and I notice I hesitate to include some of them because I can't take the time to shorten them down. So, please do the best you can to be relatively short. I understand that sometimes keeping it short is not an option in order to convey your message, just doing your best is good enough.

If you want to check out any of my books, please go to <https://amazon.com> and type *Wes Penre* into the Amazon search engine at the top of their page. Some books are also in Spanish.

Here we go:

Question #1: A few months after both my parents died, I contacted a medium out of sheer curiosity.

Wes Penre Productions

The session blew my mind. I spoke to the medium, well-known for his talents, over the phone.

He delivered information full of astounding details that only my parents would have been able to pass on. Both of them turned up.

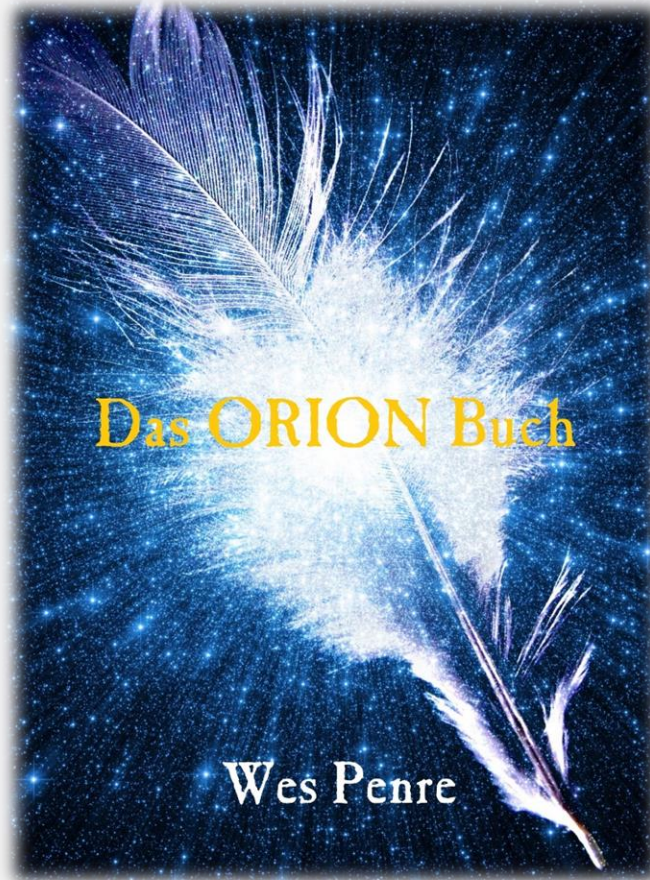

During that session, I also reconnected with a very dear friend of mine, who untimely and tragically died years ago. He gave me a complete account of his passing, which filled some crucial gaps.

My question is:

If we are recycled and quickly turned around after our death, and our memories are erased in the astral – as you explained on several occasions in various publications, how come such a vivid session with my parents and that friend was possible?

Comment: A few things can happen to a person who dies, according to what I have encountered in my research: 1) The most common is that the person goes through the so-called “Tunnel of Light,” which leads to the recycling center, with its technological center inside Mars. The person gets a new Matrix soul/avatar and is recycled into a new homo sapiens body, or 2) some souls are not recycled right away but go to a “holding space,” perhaps waiting for a body to be available in their own bloodline (we incarnate into the same bloodline every lifetime), or 3) the deceased becomes a spirit guide or a teacher (such as a channel for a human channeler. Seth was such a person, channeled by Jane Roberts), or 4) he or she becomes an ascended master within the Matrix system, or 5) if having the knowledge, a person may exit through a hole in the Grid.

Your parents and friends probably fall into one or more of these categories, but there is another option, too, which some astral travelers, such as Dr. Tom Campbell have pointed out. The “person” the medium gets in touch with is not the real person but the Matrix system playing back the “record” of that person—the imprint we all create in the astral while we’re alive. It’s almost like a thought form. Even if you ask this “thought form” questions only the real person would know about, the thought form would know how to reply accordingly in the same manner the real person would. So, it’s impossible for me to say exactly which category or categories your relatives fall under.

Question #2: The Orion book in German, finally, great. Bought and read. The way you wrote the book is simply brilliant.

Looking forward to the other books in German so that the breathtaking journey can continue.

Question: There is something very, very strange, worrying: The Lord of the Earth has permanently managed to trick Orion in a very clever way.

Orion was always surprised, always! You speak of naivety, I think it is much more than naivety, how can such an empire exist, stand up when in military and security matters is so uninformed, unprepared, ignorant, unreliable or acts so???

Obviously, Orion has not learned anything from all the lessons. If that is really the case, he will be surprised again the next time he attacks!

One more thing: Earth souls who make it to Orion, what do they get out of it if they are not safe there either, a German proverb says: Out of the frying pan into the fire. Thanks in advance.

Comment: I agree. I, too, wish all my books were translated into German. The ORION Book, volume 2 is probably going to be translated soon, and I am seriously pondering if my latest book, “[Battles Between Shadow and Light](#)” should be the book to be translated after that, since my last book puts everything in place from the Wes Penre Papers up to today’s date. My last book will also answer your question in great detail. It will explain why Orion has had such a problem with the Overlords. It’s a very difficult situation, since the Overlords are physical beings and not spiritual. It is way too much to explain in a Q&A like this—it must be understood in context, which is why I wrote an entire book on the subject. I want that book out in as many different languages as possible. It’s soon being released in Spanish, by the way. I will push for a German translation, too, if I can.

But there is a reason why this major drama is what it is, and why it’s not been resolved. In fact, we humans are the main characters in the drama—the ones who were supposed to bring Light (Spirit/Knowledge) into this construct, but so far, it has failed.

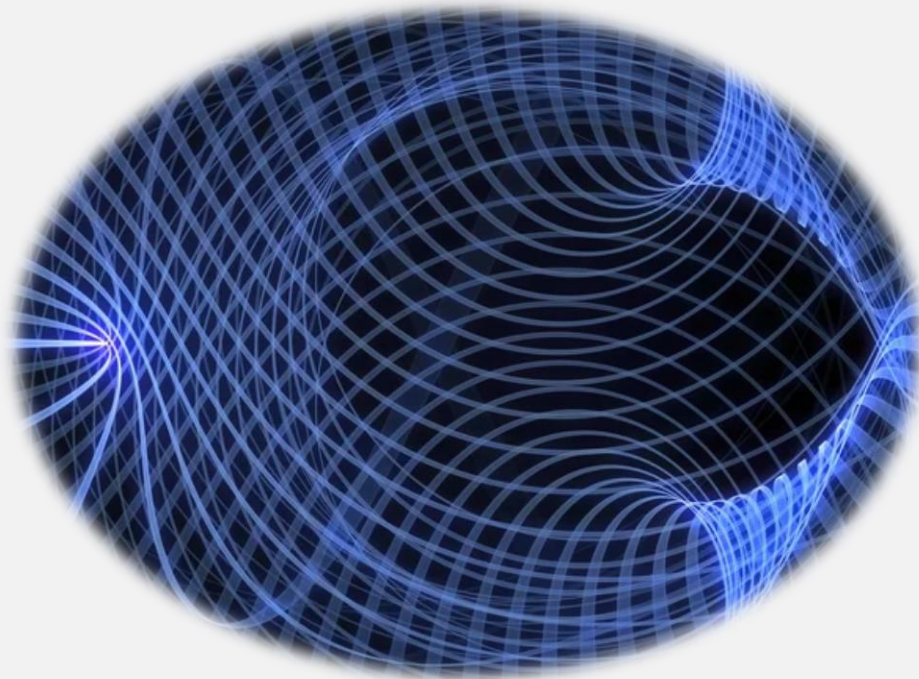

Orion is different. Our “universe” is based on matter. It’s essentially dead, except for the little Spirit we contribute with, and to some degree, the Orion Queen did. In Orion, Spirit is the main ingredient and matter second. Orion is separated from our universe by a boundary that is heavily guarded. I would argue that Orion is currently quite safe, and considerably less dense than where we are now. All the “heaviness” and problems we’re dealing with here won’t exist there, and we can use our abilities as creator gods again, which means we create in our minds and can manifest it, too.

Question #3: How much time do we have until the grid holes are sealed? Why wouldn't the overlords fix such a glaring issue?

Comment: The holes in the Grid will not be sealed—quite the opposite. This has now also become mainstream (it’s explained in this video: <https://www.youtube.com/watch?v=e8P1kuFDHpg>). Here a top-notch retired CIA scientist explains with science exactly how the Grid works, and how it will be replaced with a “Shadow Grid,” which is a technological Grid, based on Information

Wes Penre Productions

Technology, i.e., the frequencies around us, originating from the Internet and Wi-Fi. This new Grid is the basis for Metaverse and the Singularity and is equivalent to the “Cloud” in which the Overlords want to trap us.

The original Grid you're talking about is built as a network of our human collective consciousness, and it vibrates within a certain frequency, which makes up the Matrix, i.e., the Hologram in which we live, as this scientist is revealing in the video. We are all connected in this soul group via quantum entanglement. So, when people get trapped in Metaverse and, in extension, the Singularity, the original Grid, for the most part, will come down, since many people no longer will belong to that network, but will instead be trapped in the AI Cloud. This means that young people today who refuse to go into Metaverse will have a very easy time going to Orion since the Grid will be almost gone at that time.

As people's consciousness increases, they vibrate outside the range of the original frequency of the current Grid, which leaves holes in it through which people can exit. We instead give more energy to the Spirit Realm (our spiritual selves) than we give to the Grid.

Wes Penre Productions

Also, there was a battle between Orion and the Overlords in our solar system in 2008, where parts of the Grid were destroyed. The Overlords can only repair the Grid by lowering everybody’s consciousness drastically, since it’s based on our quantum connection. When we disconnect from that, it leaves holes in the network. However, they are not interested in repairing anything. They are instead concentrating on developing the new Grid—Metaverse (note that Zuckerberg’s Metaverse is just a pilot—a beta version. The final Metaverse will be very different).

Question #4: How do you know that the Tripartite Tractate [which is a Gnostic text from Nag Hammadi] was not written to mislead? The Gnostic texts, where did they come from?

Comment: They were indeed written to deceive. The Gnostic texts, the way there were written, are quite deceptive, and they point toward a male God, which is Yaldabaoth, equivalent to the Biblical Jehovah, who is *not* God—rather the opposite. To understand the Gnostic texts, we first need to invert them, since the Overlords,

Wes Penre Productions

who dictated them, inverted the true story of humankind and the Divine Realms “above,” “around,” and “inside” us. It is the same problem with virtually *all* ancient texts: they were dictated by the Overlords to human scribes. It’s exactly this that made the Wes Penre Papers (WPP) ground-breaking in understanding the true nature of these ancient writings.

Question #5: Is it just me or is our weather being manipulated for the Overlords benefit? This is the second time in less than two months we've had tropical storms. It has never been like this before since I've lived in Florida. It never seems to be bad weather during key holidays (so everyone can go out and spend money). I just find the weather being too convenient for it to be a coincidence nowadays.

Comment: I know what you mean. I seriously believe the weather has been tampered with—more so lately than earlier on. Where I live, we have lost our winters, and the summers are relentlessly hot, a heat that lasts through September and into the beginning of October, which is previously unheard of. The Global EL-ite (the Overlords’ proxies on Earth) have technology they can use for this, and they also have the technology to tamper with the sun.
