

Q&A Session #20, 2025
by Wes Penre, June 13, 2025

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, including 'Q&A' in the subject line, so I don't miss your email.

Please keep your questions as brief as possible. I receive too many lengthy emails, and I've noticed that I hesitate to include some of them because I don't have the time to condense them. Please keep your response as brief as possible. I understand that sometimes, keeping it short is not an option to convey your message. Just doing your best is good enough.

To explore any of my books, please visit Amazon.com, where you can find a collection of all my titles. Books are now translated into Spanish, German, Russian, and Estonian by different publishers, including Amazon.

For more details, please follow this link: <https://wespenrevideos.com/2024/08/28/wes-penre-books-published-in-multiple-languages/>.

German translations are also available on Amazon.de, which can help save on shipping costs if you're in Germany. This will be updated once a newly translated book is published anywhere.

Please note: If the question(s) you submit is/are omitted, it's usually for two reasons: there was no space to include all questions that week, so keep an eye open for one of the following Q&As. Alternatively, and for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is “stupid.”

Unfortunately, I don't have time to watch videos people sometimes send me as part of the question. Instead, please take the part of the video that relates to the question and write that into the question. Also, please refrain from sending websites or lengthy PDF files I don't have time to read. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.

Question #1: My brother posed an interesting question to me when we debated an afterlife outside this matrix; the way I described it to him: "Pure unlimited freedom to do and create whatever you want - thoughts and travel are instant, reality shapes to your very well," I said enthusiastically.

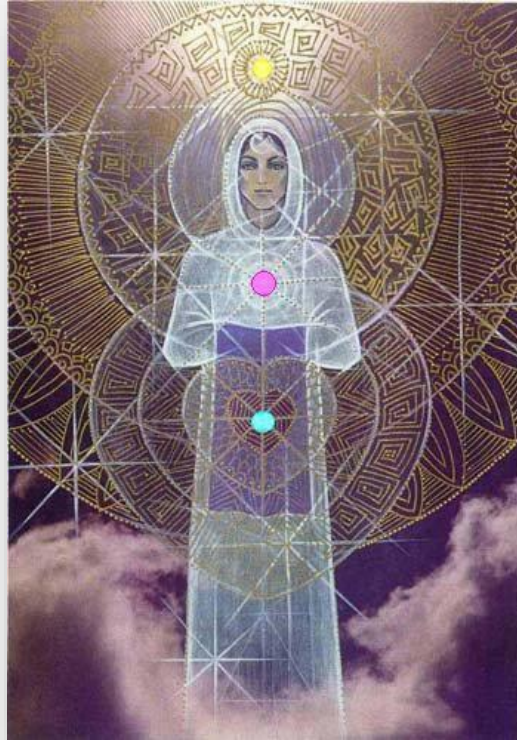

He laughed mockingly with a scoff. "Significance comes not from a single act but how it is achieved - if everything comes so easy, then what meaning can be gleaned from it?"

To be honest, Wes, not even my answer satisfied me. I told him meaning can be achieved in many other ways besides hardship, pain, and suffering. Beauty, for beauty's sake... But I don't know. I haven't read enough on Gnosis to answer this.

What would you say to this question??

Comment: From all I know, our Matrix System, the way it's developed, is the only system in the Universe where pain and suffering are the primary roads to enlightenment and access to higher consciousness. It's a very ineffective way to progress, even though it is possible, which in itself is astonishing.

You are right in what you told your brother. The purpose of creation is not to create pain and suffering and control and power over others. This is not the innate purpose of any regular soul/Spirit. This is innate in archontic beings, however. They are not "spiritual;" they are physical beings who die if they do not feed on Spirit, which is the life force. They "eat it up" because it keeps them alive. For more info, see my two most recent books, in particular ("The Battle Between Shadow and Light" and "The Nature of the Multiverse").

Question #2: Do you believe Sophia is conscious? Can she see, hear and interact with us even in this dense reality, and if so, what relationship do we human souls have with her?

Comment: Yes, Sophia is definitely conscious. She can see, hear, and interact with us to a certain degree, which is determined by our individual awareness. Most people, since the beginning of the Matrix, are not reporting back to Sophia and the Spirit Realm in general. Humankind lives in a bubble, and we are feeding on each other rather than being in a balanced exchange between the Spirit Realm and the material realm in which we currently exist. If we don't let Sophia into our lives and don't even believe She exists, this effectively blocks the connection between us and Sophia. So, in the current state of affairs, it's up to each individual what kind of relationship they have with Sophia, if any.

It's not enough to "believe" in Sophia. We also must truly realize that we are Sophia here in our earthly existence. Without Her Spiritual contribution, we wouldn't be here. This realization doesn't only come with Knowledge; it comes with personal experience.

Question #3: Is Prince Ninurta currently here on Earth, or is he still in Orion by the Queen's side, preparing for the battle against Marduk for the fate of the human race? In your book "The Battle Between Shadow and Light," you mention somewhere that he is here on Earth, but in some of your

Wes Penre Productions

other Q&As, you say that he may still be in Orion, possibly waiting to descend to battle Marduk in the Middle East. Could you please elaborate on this?

Comment: I don't know where Ninurta is at the moment. We see what Prophecy says about the return of Archangel Michael (Ninurta), but we also know that Ninurta's persona (Archangel Michael) has been hijacked by Marduk (the Book of Revelation). I was told that Ninurta, at least not too long ago, was here, monitoring the situation. This doesn't mean he's here at this writing moment. They don't travel in spaceships; they travel with consciousness. They can travel between Earth and Orion, to and fro, in the blink of an eye, literally. How it all will end and when is unknown. There are several factors to consider.

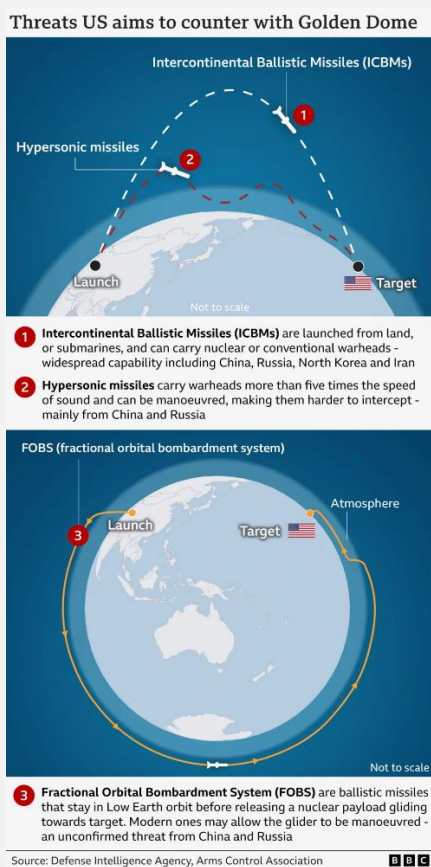

Question #4: Would you share your perspective/posture on the commonality and differences between Sofia/Pistis Sofia/Barbelo?

Comment: Yes. Barbelo is the “ultimate” Mother Goddess—the Creatrix. She is the Feminine Creative Force that first emanated from Source (All That Is). She is the Mother of all Creation, anywhere and in any universe. She created the Aeons, who are later creative forces, able to create something out of nothing, as everything that’s Feminine can do.

Pistis Sophia is, according to Gnostic teachings, the lastborn Aeon, and She is the one who created the physical universe we know about, including Orion and our solar system (the Kenoma).

Pistis Sophia, however, is not the Orion Queen or the Queen of the Stars, as I see it. Pistis emanated a part of Herself and sent Her into the physical Realm. She is Zoë Sophia in the Gnostic texts, and she collaborates with Sabaoth/Enlil. Their “home” is Orion. Zoë is the Orion Queen, the Queen of the Stars.

However, on the largest scale, Barbelo, Pistis Sophia, and Zoë Sophia are all the same “entity.” One is just a later emanation/splinter of the former. In the extension, Zoë emanated Eve (in the Bible and the Gnostic texts) and Isis, as well. They are all the same “person,” manifested in different densities.

Question #5: Hello, I just heard an interview where Trump casually mentioned that he was putting a golden dome around the US !! Sounds serious! It has not been mentioned since. With all the

distractions created by the Diddy trials and the Elon/Trump fight, might this be the thing they are trying to distract us from? I would love to hear your thoughts on this.

Comment: Yes, it's true. Something similar already exists around Israel. See the following reference: <https://www.bbc.com/news/articles/cymj6mem70o>
