Q&A Session #21, 2025

by Wes Penre, June 22, 2025

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, including 'Q&A' in the subject line, so I don't miss your email.

Please keep your questions as brief as possible. I receive too many lengthy emails, and I've noticed that I hesitate to include some of them because I don't have the time to condense them. Please keep your response as brief as possible. I understand that sometimes, keeping it short is not an option to convey your message. Just doing your best is good enough.

To explore any of my books, please visit Amazon.com, where you can find a collection of all my titles. Books are now translated into Spanish, German, Russian, and Estonian by different publishers, including Amazon.

For more details, please follow this link: <https://wespenrevideos.com/2024/08/28/wes-penre-books-published-in-multiple-languages/>.

German translations are also available on Amazon.de, which can help save on shipping costs if you're in Germany. This will be updated once a newly translated book is published anywhere.

Please note: If the question(s) you submit is/are omitted, it's usually for two reasons: there was no space to include all questions that week, so keep an eye open for one of the following Q&As. Alternatively, and for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is "stupid."

Unfortunately, I don't have time to watch videos people sometimes send me as part of the question. Instead, please take the part of the video that relates to the question and write that into the question. Also, please refrain from sending websites or lengthy PDF files I don't have time to read. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.

Question #1: Does the soul, which is a product of the Matrix, get destroyed, and we, as Spirit (Consciousness), go through the Net?

Comment: The Gnostic texts discuss the counterfeit soul and Spirit, and in the WPP, I wrote that En.ki is responsible for our souls. So, the soul we inhabit in 3-D life belongs to the Matrix.

It doesn't matter whether we go through the Grid or stay in the Matrix to be recycled; the counterfeit soul will be destroyed either way. If we leave through the Grid, that's a good thing because we shed what is counterfeit and regain what is genuine for the physical universe (in this case of exiting through the Grid, we're talking about Orion/the Ogdoad/the Eighth Heaven). If we get recycled within the Matrix, our counterfeit soul gets "destroyed" in the sense that the energy the counterfeit soul has built up during a lifetime on Earth, including all memories, will be extracted and used by the Archons as loosh—both to feed themselves and to keep their Matrix System running. Therefore, by giving the Archons consent to recycle us means we unwittingly support the Matrix and the survival of the Archons. However, after reading this, it's no longer unwitting.

So, yes! It's our true consciousness, Spirit, that exits the Matrix, and we reconnect with our true Avatar, which is our "Eighth Body" (for more detailed information, see my recently published book, "[The Nature of the Multiverse](#)," where I discuss our 12 different metaphysical bodies in length).

Question #2: I'm unsure if some questions are just unanswerable, but I've heard one time before that Enki and the other malevolent beings are trying to make their way to the Free Universe (KHA), for some evil purposes. Is that even possible for them? Also that the *forbidden zone* that turned Enki and the Annunaki evil still exists out there somewhere. I don't know.

My main question or concern should be: Can we completely escape the grasp of evil once leaving this prison planet?

Comment: Starting with your first paragraph, I hear that every now and then, someone mentions that En.ki went to the “Forbidden Zone,” where he became evil. I don’t know what the term “Forbidden Zone” comes from or what it truly means. Before I understand that, I can’t comment on the question. If someone could email me and explain this and/or where this idea comes from, it would be very helpful. Send to wespenre@proton.me.

Regarding the second paragraph, both the Matrix System (the Kenoma) and Orion (the Eighth Heaven) are of the physical universe. However, the Mother breathed Spirit into Orion after separating it from the Kenoma a long time ago, also populating it with Luminaries (stars and galaxies). This makes Orion a “semi-spiritual” place, compared to the Kenoma, where the little Spirit that exists here gets more depleted by the day. It began as a dead universe (see the Nag Hammadi Gnostic texts, as well as my books, “[Battles Between Shadow and Light](#)” and “[The Nature of the Multiverse](#)”).

Since Orion is a part of the overall physical universe, as we generally call it, it’s not void of good and evil and duality. To get rid of duality, we must enter the Spirit Universe (Dark Energy/the Pleroma). So, evil has the potential to exist in Orion, too, but I would suggest it’s not prevalent. The vibrations and the standards are much higher there than in the Kenoma. Not because it’s forced to be so, but because Orion exists at much higher frequencies, on average, than the Kenoma, where Spirit is sparse.

Question #3: I'm listening to an audiobook of Jane Roberts' “Seth Speaks” series. The entity called Seth states that he has traveled countless dimensions and realities. Are all these dimensions in the matrix? How does one not get lost in light of that?

Seth: "Your dreams are also uniquely yours, yet they happen within a shared content and environment in which the dreams of the world occur."

From: The Nature of the Psyche, Session 792, held, January 24, 1977.

Reflections of Seth

Comment: Seth, in Jane Roberts' channeling, is a discarnate human who was "promoted" by the archontic system to be exempt from recycling. First, he became a spirit guide and was later promoted to a teacher (channel).

Seth lives in the astral (within the Matrix). That's where the identity he's focused on resides, just as our focus is in our current 3-D bodies. However, being anchored in the identity as Seth, stationed in the astral because he doesn't know how to exit, he can still travel to other dimensions and learn from these frequencies and vibrations. They are universal, whether one lives in the Matrix or Orion. The dimensions are the same, although a higher developed being might get more out of these dimensions than others.

So, can Seth enter all dimensions? I would suggest he can't. Any being, human or not, can access dimensions they are ready to access, based on their current level of awareness. Therefore, even though Seth has a "privilege" since he no longer has the limitations of a sapiens body, he is still limited and trapped within the Matrix. I would say his access to other dimensions is still limited.

Question #4: In your work, you state that humanity lives in relative ignorance, which is darkness, and that war is ignorance! I 100% agree and resonate with this on a soul & spirit level. However, what about the situation in the Middle East between Israel, Iran, Ukraine & Russia? I know wars make the richest even richer, but can we find the source or true reason behind these wars, even though it's occult (hidden)?

Comment: As Franklin D. Roosevelt once said, "In politics, nothing happens by accident. If it happens, you can bet it was planned that way." Everything is planned—often at least 50 years

ahead. Nothing is spontaneous. If we keep that in mind, it's much easier to see how they gaslight the public into believing it was never meant to happen, but "circumstances" made it happen.

It would be easy to blame the Archons/Sirians for everything, but that is not entirely correct. One could say that most significant events have archontic origins, and it's also true that some Archons are incarnated in human bodies and can therefore manipulate events. Still, what happens in the world is primarily a result of human actions. We are the ones executing the wars, conflicts, power games, and oppression. They are usually executions of archontic will, but since humans are sometimes unpredictable (and, therefore, I would say, the EL-ite, as well), everything does not always go according to archontic plans. However, they mostly adjust it after the fact when needed. They don't care if humans were sacrificed in the process—the more loosh to them. Wars are always a feast for the Archons.

If what happens in Russia-Ukraine and the Middle East is the beginning of WWIII, it's not by happenstance; it's very well planned. Although not all nations are on the same page, there is still an overseeing higher unit of EL-ites pulling strings in the darkest of the dark to ensure the outcome they desire manifests.

Since ancient times (such as during ancient Egypt, Mesopotamia, and the Indus Valley), humans have executed the will of the gods. Back then, the gods were openly present among humans, and they often fought among themselves. Instead of fighting these battles out between each other, face to face, they almost always recruited humans and let us fight and die to resolve the gods' internal conflicts. We always tend to be the cannon fodder. And with the Singularity around the corner, it will potentially happen again—this time on a cosmic scale.

Question #5: In Poland, there was a lot of talk recently about a doctor who performed an abortion on a patient in the 9th month of pregnancy, whose child was diagnosed with a congenital defect of bone fragility. What do you think about it?

Comment: It's something I unfortunately can't answer. I have too little information. Perhaps it was justified, maybe it was not, or possibly it was a lie since we know some fetuses are used for genetic experiments and, therefore, are stolen from the mother, justifying it under pretenses.
