Q&A Session #7, 2026 by Wes Penre, March 21, 2026

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, including 'Q&A' in the subject line, so I don't miss your email.

PLEASE READ (2026 News):

Please keep your questions as brief as possible. I understand that sometimes keeping it short is not an option for conveying your message. Just doing your best is good enough.

To see my entire book collection, [please visit this link on Amazon.com](#) (and then click "see more" at the bottom of the page). Books are now translated into Spanish, German, Russian, Polish, and Estonian by different publishers, including Amazon. In 2026, we will most likely also see my books published in Romanian, one by one.

I am also currently writing on a new nonfiction book called "Navigating the Nanoverse and Beyond," which will be released sometime this Spring."

Please note: If the question(s) you submit is/are omitted, it's usually for two reasons: there was no space to include all questions that week, so keep an eye open for one of the following Q&As. Alternatively, and for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is "stupid."

Unfortunately, I don't have time to watch videos that people sometimes send me as part of the question. Instead, please focus on the part of the video that relates to the question and include it in the question. Also, please refrain from sending links or lengthy PDFs; I don't have time to read them. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.

Question #1: I have read that the elite have added fluoride to water, heavy metals in the air through chemtrails, and poisoned our food through pesticides, only to calcify our pineal gland, aka the third eye.

If the pineal gland is activated, does it truly give clairvoyance and other such powers? Can normal people living regular lives with jobs activate the third eye? If it's true that the third eye activation can lead to special powers, can everyone do it, or is it only possible for 3-UCs, i.e., the spirited souls?

Comment: The "third eye" is directly connected to the 6th chakra, known as *Ajna*, located in the brain behind the space between the eyebrows. It is considered the center of intuition, perception, and wisdom, and is the bridge between the mind and the self (Pneuma/Spirit), regulating clarity and inner vision. Although the third eye and the pineal gland are often considered the same thing, the difference lies in the fact that the pineal gland is a physical organ, while the third eye is metaphysical. But one affects the other.

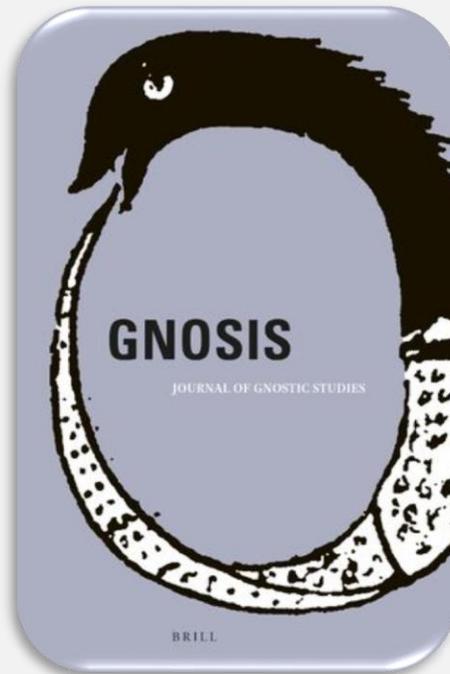

Since fluoride and other chemicals dull our minds and cognitive abilities, it could be more difficult to focus and achieve "higher knowledge," as Gnostics call it: "Gnosis." But it's not impossible—only harder.

Opening the third eye does indeed give us clairvoyance and other powers. There is nothing mystical about it—we all can achieve this, since it's our natural state. Being a "regular homo sapiens" is *not* our natural state. Achieving Gnosis is nothing mystical, either. Referring to the third eye, opening it, and the Crown Chakra as well, is what

Wes Penre Productions

Gnosis is all about. That's when we realize who we are, why we're here, and where we're headed after we drop our bodies.

The only people who can't open the third eye and the Crown chakra are what the Gnostics call the "Hylics," who are too much grounded in physical matter and have no interest in metaphysical and spiritual things. The closest we get to translating Hylics into general terms is NPCs. Both 2-UCs (Psychics in Gnostic terms) and 3-UCs (Pneumatics in Gnostic terms) can achieve this.

Question #2: Can you shed some light on this?

a). Consummation of Ages or

b) Attack on Orion?? Which option will most likely happen? Will there be an attack from AIF (the Sirians/Archons) before the Consummation of the Ages?

Comment: The Consummation of the Age (or Consummation of the Ages) is another Gnostic term, referring to the end of the physical universe altogether—not only the end of our world. This is not a catastrophic event, but happens gradually, contrary to the Sirian/Archon misinformation, conveyed in the Book of Revelation, which John the Divine channeled either from En.ki or Marduk (most likely the latter). That is the archontic "answer" to the Consummation of the Age.

Wes Penre Productions

The attack on Orion is, of course, separate from this. Which of the two is most likely to happen? The Consummation of the Age is set in stone, and we humans are the driving force behind it (see my trilogy, "Battles Between Shadow and Light," "The Nature of the Multiverse," and "Navigating the Nanoverse;" all three available on Amazon.com). The ultimate goal is to retract the physical universe and reintegrate it with the Spirit Realm, the Pleroma. We do that by spreading Light into the Darkness.

The attack on Orion, which is initiated with the Singularity and goes from there, means that the Archons will "ride our Avatars" into Orion, so they can conquer it with our help, humans unbeknownst to what they are doing. Whether this will happen remains to be seen—it's up to us: *we must avoid the Singularity*. So, the answer is that both may happen or only the Consummation of the Age will happen.

Question #3: I finished your latest book and really enjoyed it. I particularly liked chapters 1, 19, & 24 (which I've read multiple times) relating to our personal spiritual destinies and Gnosis. This is the 8th book of yours I've read, and I now have a much clearer understanding of exactly what Gnosis is (and, of course, I want to realize it).

My questions:

Wes Penre Productions

1) Chapter 1 seems to say that when a Pneumatic realizes Gnosis, the Spark immediately (or before death), ascends to the Pleroma. Chapter 24 says that happens after death. Please clarify.

Comment: I apologize for this. I thought I had changed that before publication. It's true that I wrote that the Spark (Spirit) may ascend immediately, but that was before I made some additional deep dives into the texts, where it says that both the Psychic and the Pneumatic will ascend at the moment of natural death. So, the latter should be the correct answer. Thank you for pointing this out, and it will be corrected in a subsequent book edition.

Question #4: My question is, what if a 2 or 3-UC human experiences gnosis at the moment of awakening and suddenly dies, and therefore their resonance is insufficient for the Orion Realm, and they are thus rejected from re-entering the Matrix, only to return as a synthetic cyborg human who has forfeited their chance to attain gnosis? Could it be that the path of the pure heart brings with it a certain resonance, so that there are possibly other options? Thank you very much.

Comment: Good questions. Achieving Gnosis means that when a person vacates the body, they resonate on a spiritual level. Once Gnosis is achieved, the person does not need to worry about Matrix resonance, and when such a person reaches Orion, they will be welcomed. They will either stay in the Greater Universe (Orion), where all the stars and galaxies are, or, they may even go to the Ogdoad, the 8th Heaven, which is the Psychics' version of the Pleroma (the Spirit Realm). Only the Pneumatics go directly to the Pleroma.

When such resonance is enacted with positive regard, a deep feeling of coherence emerges with the subjective sensation of harmony. When.

Question #5: I came across a YouTube channel that plays ancient bells. Apparently, the Powers That Be have destroyed most of the bells dating back to the 1880s, especially those in Europe, during World War II. Now you never hear them in person anymore, especially in the United States. Is it true that there are mystical powers in the sounds and vibrations of ancient bells?

Comment: Yes and no. It depends on what we mean by mystical power. It's all about resonance. These bells vibrate at specific frequencies that affect the human psyche in various ways, depending on the frequency each bell emits. Thus, these bells and similar instruments, some of which exist in Tibetan monasteries, can be very comforting and put you in a meditative state. I believe the ancient bells were also their way of trying to achieve Gnosis.
