## Q&A Session #10, 2026 by Wes Penre, April 24, 2026

\*\*\*\*\*

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, including 'Q&A' in the subject line, so I don't miss your email.

### ***PLEASE READ (2026 News):***

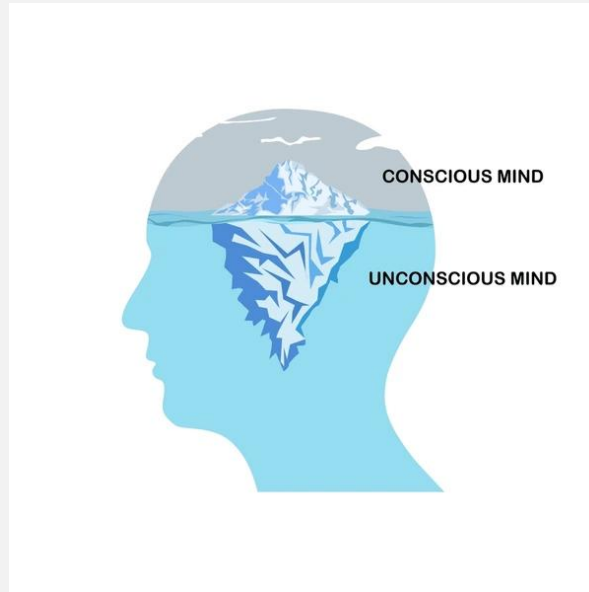

Please keep your questions as brief as possible. I understand that sometimes it's not feasible to keep it short when conveying your message. Just doing your best is good enough.

To see my entire book collection, [please visit this link on Amazon.com](#) (and then click "see more" at the bottom of the page). Books are now translated into Spanish, German, Russian, Polish, and Estonian by various publishers, including Amazon. In 2026, we will most likely also see my books published in Romanian, one by one.

I also just published a new nonfiction book called "[Navigating the Nanoverse](#)," which is also translated into Spanish and German.

**Please note:** If the question(s) you submit is/are omitted, it's usually for two reasons: there was no space to include all questions that week, so keep an eye open for one of the following Q&As. Alternatively, and for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is "stupid."

*Unfortunately, I don't have time to watch videos that people sometimes send me as part of the question. Instead, please focus on the part of the video that relates to the question and include it in the question. Also, please refrain from sending links or lengthy PDFs; I don't have time to read them. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.*

**Question #1:** My question is about the archon control of our mind. Do the Archons have complete control of our subconscious mind? How much free will do we have? Can we keep secrets from them? Are we under attack if we are planning to do any good to society? If you have written about it, please mention which book to read to get a clear understanding of the matter.

Thank you for your work.

Wishing you health and happiness.

**Comment:** The Archons do not have full control over our subconscious mind because we, with the sovereign part of the human mind and our adaptability to change, constantly alter the subconscious's content. That's the Archons' dilemma, and one reason they want to create an AI Cloud to better streamline our thoughts into predetermined patterns for greater control over us.

The subconscious mind is essentially our "ignorant mind," i.e., the part of our mind with complete amnesia. This is also where we bury the major traumas we don't want to confront, can't, or find too difficult to deal with because of the emotional pain involved.

The unconscious mind goes deeper: it's the collective mind, which connects us to the Grid. To a large extent, it's the unconscious mind that makes us all see the world in a fairly similar way (with some personal differences).

The Archons do not monitor us individually – that’s too much for them to handle. They monitor us collectively to see where we’re headed. If we’re not headed in the direction they want, they try to manipulate and traumatize us as a soul group – usually not individually. Personal attacks on certain individuals usually come from other humans who are paid to do it (agents) or are brainwashed or fearful enough to intimidate and harass others.

**Question #2:** Have you ever spoken of or heard of a particular story of how humans were created by the Anunnaki in order to mine for gold for them on Earth, gold that would be used to put into the Anunnaki atmosphere for them to breathe in which allows them to live for hundreds of thousands of years...?

But when the Anunnaki came to Earth, it was already inhabited by a reptilian race who said Earth was theirs and didn't want humans there... The Anunnaki told them that when the humans were done mining, the reptilians could keep them as slaves, and the reptilians agreed.

Many years later, the humans started to outnumber the reptilians, and since then, the reptilians have been doing everything they can to depopulate the human race with wars, disease, vaccines and anything else... and some of them can shape shift through either DNA or tech to look like humans and blend in and they either are or use the richest families on the planet to do their bidding.

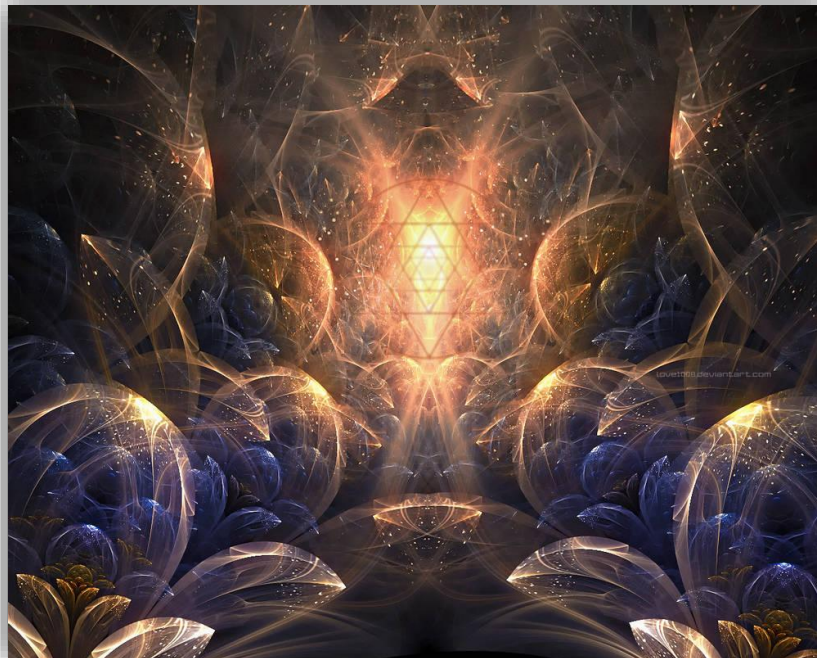

**Comment:** There are many stories out there, many of them variations and distortions of a common theme: a controlling force that operates beyond our 3-D reality. The Gnostics called them Archons, a term I also use in my last few books.

# Wes Penre Productions

I have heard all the stories you mentioned, which doesn't mean I believe them all to be true, but there is *some* truth in most of them, IMO. I concluded in the WPP that there is a reptilian (reptoid) race living underground, but they are one of many earlier experiments En.ki conducted before he settled with Homo sapiens. He then abandoned the reptoid race, which was driven underground thousands of years ago. To this day, they still consider Earth theirs because they were here first. I think "The Lacerta Files" is still available online, featuring a Swedish person interviewing one of these beings. Are the files genuine? That's for each person to determine, but they align well with the reptoid story.

There may be some truth to the story that the "Anunnaki" dug for gold (the metal) on Earth in an attempt to prolong their lives, but "gold" is also a code word for "Namlú'u," i.e., they were digging to find buried humans beneath the rock that broke off from Tiamat and later became Earth.

The rest of the narrative you mentioned is a fragmented mix of different stories, but I don't give them credit for the way they are conveyed.

**Question #3:** Hi Wes, great new book, very eye-opening as always. Anyway, if there's a composite of a Psychic and Pneumatic at body death, where do the personality, the ego, and the memories we gain go? Do they go with the Psychic part to live on, and does the Pneumatic separate at that point and go back to the Pleroma?

# Wes Penre Productions

Or does everything cease, and you ascend as a whole as a Pneumatic, and everything goes back to the Pleroma? Thanks.

**Comment:** I assume you are referring to when a person achieves Gnosis. Let's say a 3-UC/Pneumatic (a human with the Spark) is attached to a human body, which contains its own Spirit fragment: the "breath of Sophia." Then, let's say the Psychic (the Sophia Spirit attached to the body/the 2-UC) gains Gnosis, and the Pneumatic does, too, since both are attached to each other. The Psychic realizes they are not a 3-UC and that the Pleroma is not their destination. Instead, after understanding the Gnostic texts, they realize it is the Ogdoad. Therefore, at bodily death, the Psychic and the Pneumatic separate. The Psychic ends up in the Ogdoad, and the Pneumatic shreds their physical parts, then returns to the Pleroma.

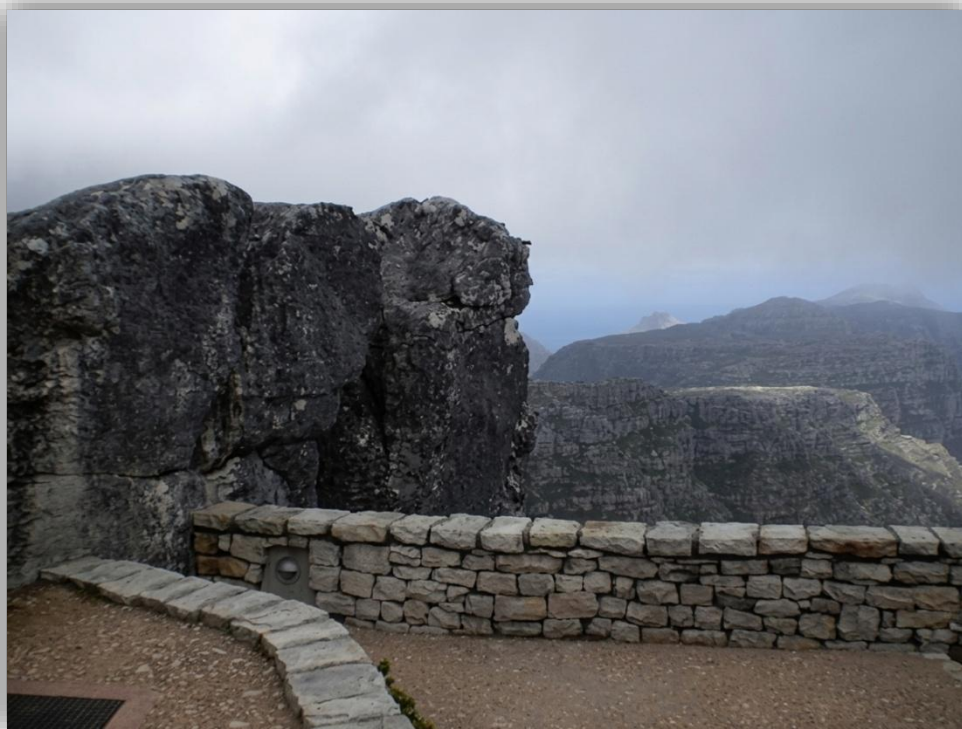

**Question #4:** Is the "Holy Spirit" from Jesus part of Sophia or Yaldaboath? I have some confusion over this.

**Comment:** The true Holy Spirit originates in the Pleroma. It's the Original Spiritual Human, whom I call the Geradamas in my books (some texts call it Adamas or the Anthropos). That's the Holy Spirit to whom Pneumatics belong. It's the Pneumatics True Self (or Higher Self). So, the short answer is that the Holy Spirit Jesus channeled was Geradamas.

**Question #5:** I'm currently reading *Battles Between Shadow and Light* and have reached the section "Digging for Gold" — about digging for the human Spirits that were in a comatose state residing inside the planet. At that moment, an older memory surfaced, and I'd like to share it with you.

In February 2007, I was in Cape Town, South Africa. One day, my then-wife and I climbed Table Mountain together. At a certain point, she placed her hands on a large rock and closed her eyes. I sensed that something unusual was about to unfold. (*You can see the image of that rock below.*)

After a few moments, she began to speak: *"I see an incredible light inside this mountain — a tremendous amount of energy."* I asked what color. *"White and blue-violet,"* she said. *"But mostly white. And there are many spirits inside this mountain. Ancient spirits. They are overjoyed, because they haven't been able to communicate with human spirits for many years — perhaps one or two thousand years."* She started to cry.

I then placed my own hands on the rock. Slowly, I entered into resonance with it, and then with the mountain itself. I perceived that vast light within — white and blue — and a deep sense of peace settled over my heart.

But that wasn't all.

Everything felt different after that contact. We both felt the mountain was alive — and every single rock along with it.

We went into the restaurant and had some food and two cappuccinos. While I was eating, I began to cry uncontrollably, because somehow, I had remained in resonance with the mountain. I felt a part of me descending deep into it. An extraordinary joy came over me — I was meeting hundreds, perhaps thousands, of spirits. I saw balls of blue and white light moving toward me, touching me. They were astonished. They conveyed that it was *inconceivable* to encounter a human spirit after so much time. I felt their joy and how they communicated at incredible speed, passing the news from one to another. I sat there and felt them all coming, each wanting to make contact — to convince themselves: *"This is real."*

That encounter left a profound mark on me. At the time, I didn't understand who those spirits were or why they behaved as though they already knew me. Now, having read your book, my understanding is that they were human spirits somehow remaining within that part of the planet — some who had managed to avoid the comatose state, or who had found a way out of it.

I hope the message isn't too long. I'd genuinely love to hear your perception of this experience.

**Comment:** A very interesting and quite eye-opening experience, isn't it? Yes, I believe your interpretation of your experience is quite correct. There might still be trapped Spirits (who were once Namlú'u) from the time of the Tiamat disaster. Another possibility is that you and the other person connected with the Vulcans, whom I discussed in the WPP. The Vulcans were Zoë Sophia's and Sabaoth's Helpers when they constructed Tiamat.

After the archontic (Sirian) invasion, many Vulcans were trapped inside volcanoes and fell into a coma. I think they might be awake by now, but they remain trapped inside Earth. Perhaps they will be released before the final Consummation of the Age, or at least at that point, when they will return to the Pleroma. I believe they are of the same Spirit as Geradamas, but had a different function from the Namlú'u.
