## Q&A Session #11, 2026 by Wes Penre, May 5, 2026

\*\*\*\*\*

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, including 'Q&A' in the subject line, so I don't miss your email.

### ***PLEASE READ (2026 News):***

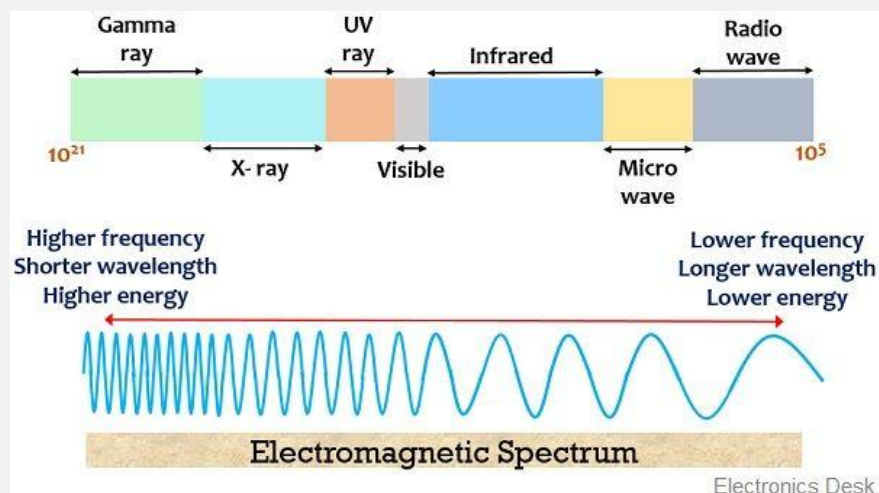

Please keep your questions as brief as possible. I understand that sometimes it's not feasible to keep it short when conveying your message. Just doing your best is good enough.

To see my entire book collection, [please visit this link on Amazon.com](#) (and then click "see more" at the bottom of the page). Books are now translated into Spanish, German, Russian, Polish, and Estonian by various publishers, including Amazon. In 2026, we will most likely also see my books published in Romanian, one by one.

I also just published a new nonfiction book called "[Navigating the Nanoverse](#)," which is also translated into Spanish and German.

**Please note:** If the question(s) you submit is/are omitted, it's usually for two reasons: there was no space to include all questions that week, so keep an eye open for one of the following Q&As. Alternatively, and for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is "stupid."

*Unfortunately, I don't have time to watch videos that people sometimes send me as part of the question. Instead, please focus on the part of the video that relates to the question and include it in the question. Also, please refrain from sending links or lengthy PDFs; I don't have time to read them. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.*

**Question #1:** Good day to you, Wes. I hope everything is good, and congratulations on your new book, which I'm enjoying.

My question is on frequency. Most people talk about raising frequency, but what exactly does that entail?

Does one raise their frequency through good deeds, spiritual knowledge, or through Gnosis?

Thank you so much for your work.

**Comment:** In the universe, everything is about energy and frequency. Different densities and dimensions would not exist without different frequencies—how fast energy (and particles) move.

As long as we are 3-D-bound, we operate within a narrow frequency band we call visible light. But when we think "outside the box" of 3-D limits (body limitations), we raise our frequency accordingly and connect with frequencies beyond 3-D, where more information is available. Most people do this now and then, but without realizing it, so they dismiss it.

You may have noticed, as a seeker of higher knowledge, that sometimes you have epiphanies you *know* are true, even though you can't prove them physically, and you hold on to them, regardless of what people think about you. Since you gained that

# Wes Penre Productions

and we are likely to be reborn as “laboratory babies,” implanted and ready to achieve the Singularity rather than Gnosis.

Whether we’re 3-UCs (Pneumatics) or 2-UCs (Psychics), both the Gnostic texts and Barbara Marciniak’s Pleadians (whom I have more respect for now than before... see my recent book, “[Navigating the Nanoverse](#)”) tell us that it is here on Earth we do our learning. It is because it was here we started our journey in forgetfulness, and it’s here we must remember (Gnosis). We can’t do it to the fullest anywhere else since we are then in the “wrong” environment for that. So, if we go to Orion without Gnosis, we can still be creator gods there, but 3-UCs can’t enter the Pleroma, and the 2-UCs can’t enter the Ogdoad (their version of the Pleroma) until the end of the Consummation of the Age, as explained in “[On the Origin of the World.](#)” Everybody will eventually go whence they came, but without Gnosis, it will most likely take longer.

**Question #3:** I don't know how to ask this, but do you remember the research/thesis on the Orion Empire (not referring to Archons here) in the SECOND Level of Learning, where Queen Zoe is the queen of the whole vast Empire in the galaxy and beyond. The fact that the Orion Empire was at first a kingdom of conquest and expansion. Also, Queen Zoe is taking over the rulership of the Empire. The fact that they also engaged in multiple conquests for years and years until finally establishing peace in their empire under Queen Zoe. So, does this hold today in light of new information/research, and a deeper understanding of history?

# Wes Penre Productions

**Comment:** Yes, it still holds water. The information I received during the WPP years on this is essentially the same story as in the Gnostic texts. The universe originally consisted of kingdoms (the archontic/Sirian/Khan Kings' kingdoms), so it was ruled by masculine forces only (Kings). Then the Queen defeated the Khan Kings (Archons) and regained a large region of the Khan Kingdoms, which became Orion, ruled by Pistis Sophia's "daughter," Zoë Sophia (the Orion Queen), together with the repenting Sabaoth, previously part of the Khan Kingdoms. Sabaoth is equivalent to Khan En.lil, and En.lil and Ninurta are Sabaoth's "sons," sometimes sent to Earth. The Archons still control the lower regions of the universe, but Zoë and Sabaoth control the upper regions, where all the stars, galaxies, etc., are located.

So, as you can see, the WPP story and the Gnostic texts run parallel here, and they only use different terminology for the same thing.

**Question #4:** Are Yaldabaoth and the archons more powerful than us, or do we feel powerless against them because we are residing in these limiting human bodies?

Are we only capable of spreading light in the kenoma through conscious living? Can we, without these bodies, destroy the archons? Are we not built for war?

The fact that the Orion forces themselves find the archons too powerful to handle says something.

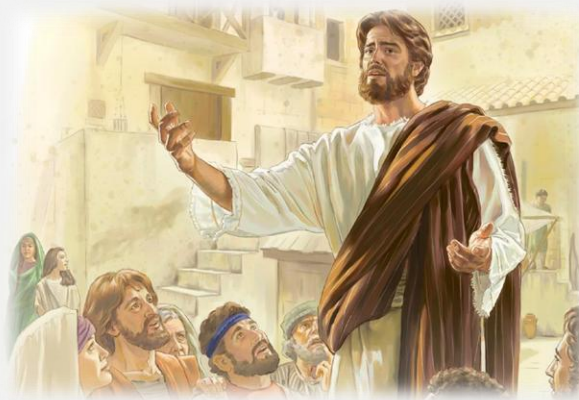

Can we join the war against the archons at a later point in time, or are we just meant to live with love and compassion?

# Wes Penre Productions

**Comment:** We are far more powerful than the Archons, who lack their own Spirit. They must steal our spiritual power. For them, it's consumable, but not for us, since it's our essence. We can be temporarily depleted, but we can always regain what we seem to lose. They can't—not without stealing ours. The Archons may seem more powerful than we are because they can see things from outside a 3-D perspective and have access to advanced technology. But they are afraid of us. That's why they must work so hard to suppress us and ensure there is no mass awakening. That would be the end of them—literally. If we don't give them our energy, they will starve to death. And I don't mean a death they can recover from; I mean eternal death without resurrection—a transformation into nothingness.

We are not "built for war." We have been manipulated into wars because much of humanity has adopted archontic mindsets. It's like narcissistic abuse: the target eventually adopts the abuser's mindset and starts mimicking them. That's what's happened to humanity. We are not here to battle the Archons in wars, which leads to more darkness. We are here to spread our light in this construct, which will expose the Archons (the Emperor has no longer any clothes). When that happens, we stop acting foolishly and stop giving them our energy. At least, that was the purpose. It doesn't seem to be going too well, though, if we look at the world situation. It's not too late to turn it around, but it requires a mass awakening.

It's not that Orion can't defeat the Archons in battle, but the Archons hold us hostage, and Orion needs human consent, too, which they won't get under our current condition. We would see Orion as the invaders and fight them on the Archons' side, for the most part, in all our ignorance. Also, we are here because all of Spirit Sophia's breath (Spirit) in the Kenoma must be retrieved so the Kenoma can implode. If Orion stops that process by force, it's the biggest failure and mistake one can imagine.

**Question #5:** Hi Wes, I don't mean to challenge you on this, but I like to keep the facts straight. I tell people in my circle and anyone I talk to that Jesus was really

# Wes Penre Productions

Marduk, but I always told them that the Divine message was true. And maybe it doesn't really matter who delivered it. And I know this is all a learning experience, and we're learning as we go. The truth is hard to come by in this matrix, so please forgive me if you address this later in the book as well. This is an important point for me. I never like to try to mislead people, as I know you don't either.

**Comment:** If there is something I have wrestled with a lot over the years, it's the Jesus story. Therefore, I have presented different versions of it. For quite a while, I considered Marduk to be the host of the human vessel, Yeshua. I based this on the Gnostic texts, which I misinterpreted. They talk of two Sabaoths, the "bad" Sabaoth and the "good" Sabaoth. Since I'd learned during the WPP years that Marduk hijacked the story and elevated himself to Jesus, I thought Marduk must be Jesus.

In the recent book, I think I make a good case that it is not so. Marduk did not hijack Jesus' body—the hijack came later... I now consider the following flow of information: The Divine Message came from humanity's Highest Self—Geradamas (also called Adamas or the Anthropos in some texts). Geradamas funneled this through Sabaoth (Khan En.lil), and from there the message was funneled into Ninurta's mind (Yeshua). That's how it was transmitted, as I see it.

So far, so good. Later, however, the pagan Roman Catholic Church saw a great opportunity in this new Gnostic movement, hijacked it, distorted it completely, and outlawed Gnostics, so the true message could not be told. As a result, the Gnostics went underground or were killed.

The Catholic Church is, and has always been, pagan, and its ruler is Saturn, which, after Tiamat's destruction, is ruled by Marduk. So, who ultimately hijacked the Gnostic Knowledge? Marduk. Who are the Christians worshiping and giving their energy to? Marduk/Satan. Thus, Marduk became Jesus, and En.ki, or ultimately Yaldabaoth, became God. A loosh for them ever since.
